HEALING BEAUTIES

Sacred Stone Jewelry

from Helena Raghbir

Your Healing Beauties creation is unique, personally crafted, and utterly one-of-a-kind. You noticed its beauty when it caught your eyes with its captivating color or sparkle...and did you also know that your jewels are working for you whenever you wear or are near them, to help you to feel balanced, healthy, and vibrant? These healing treasures contain special properties of the earth's sacred minerals and gemstones, and also have been attuned with multiple healing processes for additional energetic power delivered to you. Thus, they require special care and attention so that you can keep getting the most from them. They truly are special, and we hope you enjoy so many years of bonding and benefiting from them.
